

## **Notes on tables on Central Information System for Banking Infrastructure (CISBI) {erstwhile Master Office File (MOF) system} portal**

In terms of circulars Ref. No. RBI/2018-19 DBR.No.BAPD.BC.50/22.01.001/2018-19 dated June 28, 2019 and Ref. No. RBI/2019-20/81 DCBR.BPD. (PCB/RCB). Cir.No.04/07.01.000/ 2019-20 dated October 11, 2019 on the subject, "Revision in Proforma and Reporting of Bank/Banking Outlet (BO) details under the Central Information System for Banking Infrastructure (CISBI)", all banks are required to submit immediately and in any case not later than one week, the information relating to opening, closure, merger, shifting and conversion of bank branches/Offices/banking outlets/ATMs/NAIO, etc. online through CISBI portal <https://cisbi.rbi.org.in> (erstwhile Master office File (MoF) system) using their login credentials. Information in respect of Authorised Dealer (AD) category branches are required to be submitted on an ongoing basis.

### **Commonly Used Terms**

- 1) **Banking Outlet** A 'Banking Outlet' for a commercial bank is a fixed-point service delivery unit, manned by either bank's staff or its Business Correspondent where services of acceptance of deposits, encashment of cheques / cash withdrawal or lending of money are provided for a minimum of 4 hours per day for at least five days a week.
- 2) **Branches of banks** refer to those offices which are engaged in either; (a) banking business (i.e., either accepting deposit and/or offering credit to their customer); or (b) banking and foreign exchange business; or (c) administration, banking & foreign exchange; or (d) administration and banking; or (e) administration and foreign exchange; or (f) only foreign exchange business.

- 3) **Office includes** head office, registered office, administrative/ controlling/ back offices, zonal office, regional office, local head office, training centre, clearing cell, service branch, asset recovery branch, divisional office, etc.
- 4) **Commercial Banks** refer to both scheduled and non-scheduled commercial banks which are regulated under Banking Regulation Act, 1949.
- 5) All commercial banks are grouped in to eight categories, viz.: (a) State Bank of India and its Associates, (b) Nationalised Banks, (c) Private Sector Banks, (d) Foreign Banks, (e) Regional Rural Banks, (f) Local Area Banks, (g) Payments Banks and (h) Small Finance Banks. The combined group of (a) and (b) is known as “**Public Sector Banks**”. All Local Area Banks are presently non-scheduled banks.
- 6) **A Centre** is defined as the revenue unit (and not the locality) classified and delineated by the respective State Government, i.e., a revenue village/ city/ town/ municipality/ municipal corporation, etc., as the case may be.
- 7) Classification of centres in various population groups are as follows:

<u>Population Group</u>		<u>Population</u>
Rural	-	Up to 9,999
Semi-urban	-	10,000 to 99,999
Urban	-	1,00,000 to 9,99,999
Metropolitan	-	10,00,000 and above

- 8) Tier-wise classification of centres according to their population are as follows:

<u>Tier</u>		<u>Population</u>
Tier 1	-	1,00,000 and above
Tier 2	-	50,000 to 99,999
Tier 3	-	20,000 to 49,999
Tier 4	-	10,000 to 19,999
Tier 5	-	5,000 to 9,999
Tier 6	-	Less than 5000

- 9) **A banked Centre** is a centre, which has at least a CBS-enabled 'Banking Outlet' of a Scheduled Commercial Bank or a Payment or a Small Finance Bank or a Regional Rural Bank or a branch of Local Area Bank or licensed Co-operative bank for carrying out customer-based banking transactions.
- 10) **Unbanked Centre** is a centre which is not banked.
- 11) **Date of opening** of branch/office reflects the date of existence of branch with the present bank. As such, in case of branches, which are transferred on account of merger/ amalgamation of banks, this date would reflect date of merger/ amalgamation of banks, and not the actual date of branch open. Similarly, the license details in such cases would reflect the approval given for merger of banks by the Reserve Bank.
- 12) The **minority concentrated districts** are as given in the Reserve Bank Circular Master Circular on Credit Facilities to Minority Communities RBI/2023-24/02/FIDD.GSSD.BC.No.02/09.10.001/2023-24 dated April 01, 2023.
- 13) The information on geographic location of branches is captured for three levels viz. States, districts and centres. Each centre is classified in to 6 population tiers (Tiers 1 to 6) and 4 population groups (viz.; Rural, Semi-urban, Urban and Metropolitan) based on total population of centre as per latest Census, as released by the Office of the Registrar General and Census Commissioner, Government of India on decennial basis. With effect from September 1, 2016, these classifications are based on Census 2011.
- 14) For presentation of data, a geographical dimension above State, viz.; Region has been added. The constituent States of "Regions" are as follows:

<b>Northern Region</b>	<b>North Eastern Region</b>	<b>Eastern Region</b>	<b>Central Region</b>	<b>Western Region</b>	<b>Southern Region</b>
Chandigarh	Arunachal Pradesh	Andaman & Nicobar	Chhattisgarh	Dadra and Nagar Haveli	Andhra Pradesh

				and Daman and Diu	
Delhi	Assam	Bihar	Madhya Pradesh	Goa	Karnataka
Haryana	Manipur	Jharkhand	Uttar Pradesh	Gujarat	Kerala
Himachal Pradesh	Meghalaya	Orissa	Uttarakhand	Maharashtra	Lakshadweep
Jammu & Kashmir	Mizoram	Sikkim			Puducherry
Punjab	Nagaland	West Bengal			Tamil Nadu
Rajasthan	Tripura				Telangana
Ladakh					

### **CISBI Portal Maintenance**

- 15) Information presented in 'Branch Locator' or Bank Branch Statistics are as reported by the banks.
- 16) The above information is reported/ updated in CISBI {erstwhile Master Office File (MOF) system} portal maintained by DSIM.
- 17) As such the CISBI portal is dynamic in nature. The dynamism in the portal is mainly because of lags in updating of information on various accounts (some are given below):
- a. Late reporting in CISBI portal;
  - b. Delay in receipt of complete information on reorganization of districts/ development blocks/ centres, etc. by the respective State Governments from sources; and
  - c. Multiple processes of rearrangement of branches after reorganization of districts/ development blocks/ centres, etc. in CISBI portal.
- 18) As the CISBI is updated on a continuous basis, the data for a given period in this portal at different time points may be different. For example, data on number of

functioning branches as on March 31 of xxxx or number of branches opened during xxxx-yy compiled on date d1 will be different from the figures compiled on date d2.

- 19) There are continuous changes in geographical boundaries on account of reorganization of States, Districts and Centres as notified through gazettes by Central/ State Governments. These changes are affected in CISBI portal as soon as the gazette notifications with complete information in respect of these changes are received. As such, the data presented in the CISBI portal is as per the present geographical boundaries to the extent these are updated in the portal. The population group classification of centres may undergo a change on account of these reorganisations depending upon the derived population (as per Census 2011) of the centre with new geographical boundaries.
- 20) In CISBI, for the purpose of population group classification, the concept of centre is the same as followed in Census 2011 with a few exceptions as detailed below.
- a) Census 2011 considers all Cantonment Boards (CBs) (for which administration remains with military) as separate independent centres, even if most of them are surrounded by the main city, and thus enjoying the same infrastructure as of main city (Such as Agra cantonment board, Bareilly cantonment board etc.). Therefore, in CISBI portal, the CBs which are near/ surrounded by a city, are not considered as separate centres, but are treated as part of the main city. However, other CBs are treated as separate centres. For details of Cantonment Boards being treated as part of main city or as separate centres, please refer ([https://rbi.org.in/scripts/bs\\_viewcontent.aspx?Id=2035](https://rbi.org.in/scripts/bs_viewcontent.aspx?Id=2035)).
- b) With effect from implementation of Census 2011, a centre spanned over multiple districts/ sub-districts is being considered as a single centre at par with Census classification. As such, the classification of centre in all parts of districts will be based on the population of the centre according to its original geographical boundary (combining all parts in various districts/ sub-districts).

- c) Further, the details of the branches in such centres will be captured based on their actual locations in respective districts/ sub-districts.

### **Dissemination of Bank Branch Statistics in Public Domain**

- 21) Based on the above CISBI portal, the bank branch statistics is compiled and disseminated to public through our portal website <https://dbieold.rbi.org.in/>. Users of such information are advised to understand the procedure of compiling the portal and other information mentioned in this document before interpreting the statistics.
- 22) A list of all functioning branches as on date is disseminated to the public at '*Branch Locator*' available at home page of the above website. The information in Branch Locator is updated on daily basis at the end of the day.
- 23) District-wise list of branches/offices are based on latest available information on districts, inclusive of details available on formation/ re-organisation of districts.
- 24) If banks have observed any discrepancy in respect of information presented here, they are requested to submit / updated information in CISBI portal directly using their respective login credentials.
- 25) As mentioned above, in case of merger and amalgamation of banks, date of opening of a branch may not reflect the actual one but reflect the date of banks merger/ amalgamation. As such, the details appearing in list of branches appearing in *Branch Locator* should not be used for culling out summary statistics on number of branches functioning/ or opened during a period. For the information, users may follow the path *Time-Series Publication ->Bank Branch Statistics* on <https://dbieold.rbi.org.in/>.
- 26) The summary statistics are refreshed with the latest data in CISBI portal at the beginning of every month. Further, quarterly summary statistics are published with a

lag of one month e.g., statistics for the end of March quarter are published at the First May.

- 27) While presenting bank branch statistics in respect of branches functioning as on a date/ opened during a period, the branches transferred on account of merger/ amalgamation are appropriately taken care of.
- 28) For presentation of bank branch statistics, the term “Offices” is used for presenting data relating to “branches as well as administrative/ controlling/ back offices and Digital Banking Units (DBUs)”. Similarly, the term “Branches” is used to present data relating to all kinds of branches but exclude data relating to administrative/ controlling/ back offices.
- 29) Blank cells or “-” in bank branch statistics reports represent “nil” or “negligible”.
- 30) List of banks merged since April 2006 till December 31, 2023 is given below:
